## EDUCATION

Afe Babalola University Ekiti, Nigeria

10/2023 – 10/2027 | Ekiti, Nigeria

B.Sc. in Computer Science Expected Graduation

Current CGPA: 5.00/5.00 (Perfect Score)

- Related Coursework: Data Structures & Algorithms, Computer Programming (HTML/CSS/JS, VBA, C++ programming).

## WORK EXPERIENCE

Byteflow Technologies, Abuja

06/2025 – Present | Abuja, Nigeria

Fullstack Developer Intern

- I worked on multiple products at Byteflow, including ByteArchive (cloud file storage) and ByteCollect (school payments), where I built responsive user interfaces, built and integrated REST APIs, and improved usability. I also developed websites for upcoming startups, collaborating with designers, front and back end engineers to deliver reliable, scalable solutions.

MSSN ABUAD

02/2025 – Present | Ekiti, Nigeria

Front-End Developer

I develop and maintain the organization's website, adding features like forums, blogs, and events to boost student engagement while keeping the platform responsive and reliable.

## SKILLS

**Programming** — JavaScript, HTML/CSS, React.js, Typescript, React Native, Tailwind CSS, Firebase, Astro.js, Node/Express Js, Figma, Git, Github, Problem Solving

## PROJECTS

Recyclo

08/2025 – Present

Full-stack Developer | React Native, Expo, Express, MongoDB

- Built a recycling app that helps communities schedule pickups, reducing missed collections and making the process faster through a clean, accessible interface.

Bilma Scents (E-commerce Store)

07/2025 – 08/2025

Full-Stack Developer | React Js, Tailwind CSS, React Router, Firebase

- Built an online perfume store with authentication, cart, and wishlist features, making it easier for customers to browse and complete purchases instantly.

MSSN-ABUAD

02/2025 – 03/2025

Front End Developer

- Built a student platform with Q&A forum, blogs, and events. Increased participation by 60% through responsive design and improved visibility so more students could access the site easily.

KWILAX(Fintech Web App)

09/2024 – 10/2024

Front End Developer | React.js, Tailwind CSS, Figma

- Built a responsive interface for a fintech platform that enabled Nigerian businesses to pay Chinese suppliers in yuan by funding Alipay, simplifying imports and speeding up transactions.
